

SITE PLAN CONCEPT FOR THE EL CAPITAN MEADOW

THESE PLANS ARE PROVIDED TO ILLUSTRATE CONCEPTS MORE FULLY DETAILED BY PROJECT ALTERNATIVES.  
THESE EXHIBITS ARE NOT INTENDED AS DEVELOPMENT PROPOSALS AT THIS TIME.

COMMON TO ALL ALTERNATIVES

- 1 PEDESTRIAN BOARDWALKS WITH VIEWING AREAS EXTEND INTO THE EL CAPITAN MEADOW AT 3 LOCATIONS. THESE BOARDWALKS ARE SITUATED WHERE THERE ARE EXISTING INFORMAL TRAILS & GATHERING AREAS. EXACT ALIGNMENT TO BE DETERMINED IN THE FIELD.
- 2 PROVIDE A SAFE PEDESTRIAN PATHWAY ALONG THE ROADWAY CONNECTING THE 3 BOARDWALKS. DEPENDING UPON ROAD SHOULDER CONDITIONS, THIS PATHWAY MAY BE CONSTRUCTED AS AN ON-GRADE TRAIL OR ELEVATED WOOD BOARDWALK.
- 3 REMOVE INVASIVE & NON-NATIVE VEGETATION WITHIN THE MEADOW. RESTORE NATIVE MEADOW AND OAK HABITAT.
